

Allegany Arts Association

FREE Art for Youth

“Support-A-Class” Donation Form

Hello Friends,

The Allegany Arts Association (AAA) is pleased to offer you the opportunity to support the Arts in your community by sponsoring an arts program for your members, their families, and other local residents. The program you sponsor may be held at your own publicly accessible location or at one of AAA's established host sites.

One of the main goals of the AAA is to offer FREE art programs to the residents of Allegany County. Working in collaboration with local organizations and with these additional funds, we will add new locations to our existing list of host sites to increase access to our programs.

For a cost of just \$100 per class your organization may sponsor an art program which will allow students of all ages to experience fine art right here where they live. Sponsoring a program allows your patrons and other community members to take part in classes that build art skills, self-esteem and creative expression which support overall wellness. Participation in the creative process enhances problem-solving abilities, literacy, fine and gross motor skills, and increases enriching cultural connection and understanding while doing an enjoyable activity.

Currently, our classes for youth and adults include recycled handmade papermaking, drawing, painting, printing, book arts, fabric arts, collage, music, theater, movement and much more.

Our most popular classes are our two-hour workshops that are held at local libraries or community spaces. Class schedules are made to fit the needs of each community. To keep costs at a minimum, free space, or donated space open to the public is best. Private property is not allowed.

We have enclosed a copy of our 2021 programs for you to review. The AAA is open to suggestions for new programs and activities to expand access to the arts.

The Allegany Arts Association is a non-profit (501c3) organization founded in 1982 to promote participation in the arts by all residents of Allegany County through arts programming and a variety of arts experiences for all ages. We are supported by individual and corporate members as well as funding from local grants

We look forward to hearing from you.

**Help us unify creators to
expand access to the arts for the wellness of our community.**

A two-hour class for up to 10 participants including instruction and supplies = \$100
